

## SUPPLY CHAIN ANALYSIS

### INTRODUCTION:

Heritage Logistics Group (HLG) has spent years perfecting an analysis process that will help you: identify your logistics needs, provide alternative solutions, and manage the implementation process. This document will review our process so that we can work more effectively with you.

### THE BASIC STEPS:

- STEP 1: Analysis – What are your current, near term, and strategic needs.
- STEP 2: Research – Identify alternatives that work for your company from now through your strategic plans.
- STEP 3:
- STEP 4:
